March 1st - Kids/Teens Saturday Robotics Classes and Adult 3D Printing Classes begin at Baldwin Bethany CDC. Registration open on Feb 15th.

Dear South LA Community

As fires continue to impact California and recovery efforts are in progress, we extend our deepest concern and solidarity to all those affected. The devastation our friends and neighbors are experiencing is unimaginable, with many facing profound losses—homes, livelihoods, and cherished legacies that may never be replaced. We want to ensure our community has access to resources that can make a difference during these challenging times. One key resource we'd like to highlight is [Care Camp](#), a program designed to provide support and relief to those in need. If you or someone you know could benefit from this resource, please don't hesitate to use and share this resource. Together, we can journey through these tough times and ensure our community has all the resources and support it needs.

Our annual [SoLA CON](#) is right around the corner so get your tickets for FEBRUARY 15TH NOW! SoLA CON is our interactive youth and family stem conference. SoLA CON seeks to bridge the gap between education and real-world applications, encouraging youth and families to explore S.T.E.M. and engineering fields.

This year, we're coming back bigger and better with the help of our partner, Baldwin Bethany CDC. From 11-3 pm, participants will experience a plethora of interactive games, activities and incredible displays. Upon entrance, each person will receive a SoLA bag and lunch. We have several LEGO activities

for students and parents to jump into, as well as an incredible LEGO set display. If you hurry now, YOU can enter your LEGO set and possibly win a prize for best build! Or have fun watching our incredible speakers discuss A.I, technology and Innovation. Get your tickets at SouthLARobotics.org today while supplies last!

New Classes at BBCDC!

Register for NEW classes at BBCDC!

This Spring, on March 1st, SoLA Robotics is beginning our Adult 3D Printing class and Kids' Robotics classes at Baldwin Bethany CDC campus! Registration opens on Feb 15th.:

PARTNER SPOTLIGHT:

This season we'd like to thank Baldwin Bethany CDC! In partnership with BBCDC, South LA Robotics is able to bring you SoLA CON 2025! BBCDC provides opportunities, programs, and resources for those living in our South Los Angeles service area through an educational initiative, LAUNCH Academy. LAUNCH is an acronym as it is the mission of the program to foster Leadership, Academic excellence, Unleashing potential, Nutritional Health, College-bound, and High self-esteem. You can learn more at <https://baldwinbethanycdc.org>.

DONOR SPOTLIGHT:

HOLLY J. MITCHELL
LOS ANGELES COUNTY SUPERVISOR • 2ND DISTRICT

Thank you to the Office Holly J. Mitchell for the incredible gift bags grant this last season!

Thanks to their generosity, South LA Robotics is able to continue bringing superior experiences and resources to Los Angeles kids along with quality learning in tech and innovation. Thank you for helping us help our community! If you're feeling generous, join us in this journey to empower the future leaders of South LA by donating today!

Want to contribute toward the SoLA Robotics? Please DONATE here:
